

Quality Policy Statement

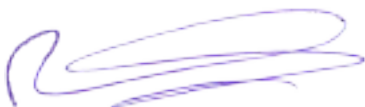

It is Borras Construction Limited's vision to be leaders within the construction industry by providing our clients with customised solutions and certainty of delivery placing excellence at the heart of all we do.

To achieve this the Directors and Management of Borras Construction Limited will:

- **Maintain measure and continuously improve the high quality of design and build and building contracting services provided by the company.**
- **Ensure that health, safety, environmental and welfare requirements are clear, top priorities and managed in line with existing legislation and best practice guidance.**
- **Create a learning culture within the organisation so as to achieve the entire potential of those involved in the business both individually and collectively for the benefit of the company and our customers.**
- **We look upon our suppliers and subcontractors as collaborators for the long term, focusing on mutual benefit, and combining endeavors and creativity so that customers receive consistently improved quality and services.**
- **Continuously review all activities within the organisation and challenge our processes to create an atmosphere designed to produce the best possible result by the best possible means.**
- **Provide documented assurance to clients to demonstrate that the specified requirements for each contract have or will be achieved.**

To meet these objectives, the company applies the Management System which has been developed to comply with the requirements of ISO9001:2015 ISO14001:2015 and ISO45001:2018 and supplements the Health, Safety and Environmental Policy.

Robert Broadfield

Managing Director
